

GOOD TIMES

Chippewa Falls Comforts of Home Senior Living

April 2024

Welcome, Spring Time!

Although this winter has been very mild here in Chippewa Falls, the tenants and staff at Comforts of Home are eager to see the signs of spring... warmer weather, trees budding and flowers blooming!

Many of our tenants continue to schedule their own individual activities, which include outings with family or friends, shopping, or attending church or other community events. Others enjoy watching their favorite television programs, working on craft projects or listening to audio books.

In addition to mealtime conversations, our favorite group activities include playing Bingo and snack socials. We look forward to spending more time on our patios or strolling outdoors, as the weather warms up!

“Spring is when you feel like whistling,
Even with a shoe full of slush.”

— Doug Larson
